LETTER FROM THE FOUNDER

Dear Patrons,

This academic year has been a great journey for all of us at the JAAGO Foundation. It's my great pleasure to announce that our very first batch of students has been promoted to class III starting the next academic year. We at JAAGO marked the end of another year of their journey by organizing a class party for them. I would take this opportunity to thank the teachers, staff and volunteers of the JAAGO Foundation for putting together this fun-filled class party for the kids.

The JAAGO Foundation is also broadening its horizon by opening schools in Chittagong, Rajshahi and Gaibandha. It has been possible for us to do this big initiative only because of the support of our well-wishers and sponsors.

Our students and volunteers also took part in a campaign on World Environment Day 2012. I would like to thank Coca-Cola Bangladesh for sponsoring the event and letting JAAGO Foundation to be a part of this.

Wasfia Nazreen, the second Bangladeshi woman to summit Mount Everest spent time with the JAAGO kids at the 'Martyred Intellectual Memorial' after her return.

I am also very grateful to the North South University English Club for conducting a workshop on English for the students.

Sticks & Stones, an anthology featuring the works of 30 aspiring and experienced authors has announced JAAGO Foundation to be their official Development Partner. BDT 50/- from the sale of each book will be donated to JAAGO's 'free schooling' project. For this innovative idea, I would like to thank the crew of Sticks & Stones.

Thank you again for your support and cooperation throughout the years.

Best Regards,

Korvi Rakshand
