REBUILDING OUR NATION**

FOUNDER'S NOTE

“
PEOPLE CALL IT CHARITY
I CALL IT RESPONSIBILITY

”

“Life is a collection of moments, some cherished, some painful, but all woven together to create a beautiful tapestry of memories.”-This yearbook, for me, is a collection of such memories.

When I first conceived the idea of JAAGO Foundation School, I could only dream of the incredible transformation we would bring to the lives of children in need. Today, as we turn the pages of time and celebrate the years of our collective efforts, I am filled with a profound sense of purpose and accomplishment.

Through this yearbook, we are creating a lasting tribute to all who have contributed to turning my dreams into a reality. For me, it is more than just a compilation of photographs; it's a testament to the countless hours of hard work, determination, and achievement that we've experienced throughout the years. Each page tells a unique story, and together, they form a beautiful narrative of our shared journey. I would like to extend my heartfelt gratitude to our child sponsors and private sector partners who made this 17-year journey possible. I would also like to thank all the students, teachers and colleagues whose dedication and passion have resulted in this remarkable keepsake.

I hope it becomes a source of inspiration and a reminder of our accomplishments. Let us continue to strive for excellence, celebrate our achievements, and support one another in the pursuit of knowledge and growth.

MESSAGE FROM HEAD OF EDUCATION PROGRAM

14 years ago, when I started my journey with JAAGO, I couldn't imagine the impact we would be creating and the lives we would be changing. Now, when I look back, my heart overflows with pride and gratitude. Each one of you has contributed to the incredible success of JAAGO Foundation's Education Program, and I want to take a moment to express my deepest appreciation to you all.

Thank you for being a part of the JAAGO family. Your presence, your dreams, and your potential inspire us every day. Together, we are creating a brighter, more promising future for all.

INTRODUCTION

JAAGO Foundation is a non-profit organisation dedicated to eradicating poverty through education and enhancing lives across a developing Bangladesh. JAAGO strives with the belief that every child deserves access to quality education, regardless of their socio-economic background. With a vision to create a world where education is a fundamental right for all, JAAGO has been working to provide holistic education and essential life skills to underprivileged children across the nation. To date, the organisation has established 11 schools and provided formal education to over 4500 underserved children. Partnering with public and private sector organisations, JAAGO works with a focus on five key areas: education, gender, youth development, climate change, and governance.

OUR APPROACH

Influenced by the new development paradigm that prioritises people over things, JAAGO Foundation follows a collaborative approach in all aspects of its work. Repudiating the traditional approach to alleviating poverty, JAAGO Foundation adopted a collaborative, self-help, self-sustainable approach by enabling children's access to education, fostering community involvement and the formation of youth and volunteer groups in remote and rural areas of Bangladesh.

VISION

JAAGO Foundation envisions a society free from all forms of exploitation and discrimination, where every child has the opportunity for education, and every youth has the opportunity to realise their potential.

MISSION

To bring about substantial improvement in the lives of underprivileged children and youth living in poverty, illiteracy, and social inequality through quality education and youth empowerment.

CHILD WELFARE DEPARTMENT

Child Welfare Department (CWD) serves as a crucial bridge between compassionate child sponsors and the lives they uplift. Through effective communication and progress reports, our dedicated relationship managers reassure the child sponsors regarding the efficient use of their contributions to eliminate educational barriers for children.

To enhance the bond between sponsors and their sponsored children, CWD organises both virtual and in-person meetings and thoughtful events that foster connections to transcend geographical distances. When it comes to addressing the concerns of the sponsors, this team leaves no stone unturned. Be it answering calls late at night or travelling miles to meet the child sponsors, their tireless efforts are driven by a deep sense of purpose and a shared vision for a brighter tomorrow.

CHILD WELFARE TEAM

Child Welfare Team (CWT), a group of enthusiastic individuals united by one goal: ensuring our students' personal growth. The team conducts counselling sessions for the students and their parents, organises events highlighting the students' achievements, hosts community outreach programs, and provides additional support when required. Extending their efforts beyond the confinement of the school walls, CWT takes regular updates on students' overall well-being and takes action if any student is at risk of dropping out. Through their relentless effort and hard work, the team not only helps create a better future for our students but in essence, also contributes to shaping a better nation.

EDUCATION COORDINATORS

Education coordinators are responsible for supervising and organising all instructional activities in the school, including designing and carrying out curricula that are in conformity with the requirements. The role also involves undertaking regular monitoring and assessment of teaching strategies and efficacy through tasks like lesson plan checks and in-class observations, as well as offering training and assistance to teaching personnel. These dedicated individuals also work with community officers and administrators to help improve the school environment as a whole and create an atmosphere where our young visionaries can thrive and realise their full potential.

EDUCATION PROGRAM

In 2007, with only one carpet, one whiteboard and 17 children, JAAGO Foundation commenced its journey. In the beginning, the purpose was to teach children English and increase their chances of finding a job. However, as time passed, the students became more and more eager, and soon, they asked that one question, which led to the establishment of JAAGO Foundation School. "When would we get promoted, sir?" asked the young learners. It was only then that we realised these children wanted to grow and go to school. Hence JAAGO Foundation School was established. But we didn't want this initiative to be limited to the capital city only. With the aim of making quality education accessible in the rural and remote areas of Bangladesh, JAAGO Gazipur School was formed. But we were faced with a new challenge. Compared to Dhaka, the availability of qualified teachers was scarce in that area.

We knew something had to be done. So, in 2011, JAAGO Foundation introduced its Digital School Program. Through the use of video conferencing software and telecommunications networks, Digital School linked qualified teachers with children from rural and hard-to-reach areas to provide them with education as per the NCTB English version curriculum. The classrooms are equipped with a multimedia setup, including a wide monitor, projector, speaker, microphone, and high-speed internet connection. Our on-site trained facilitators support young learners in completing their classwork, homework, and other activities.

To date, JAAGO has established Digital Schools in Rajshahi, Chattogram, Gaibandha, Bandarban, Madaripur, Rangpur, Dinajpur, Habiganj, Teknaf, and Dhaka districts. Currently, we are educating over 4500 students through highly skilled and qualified teachers. These students come from marginalised backgrounds and don't have any access to formal education. Besides schooling, JAAGO also provides all kinds of educational materials, nutrition, and hygiene products and arranges co-curricular activities to facilitate the overall development of the students.

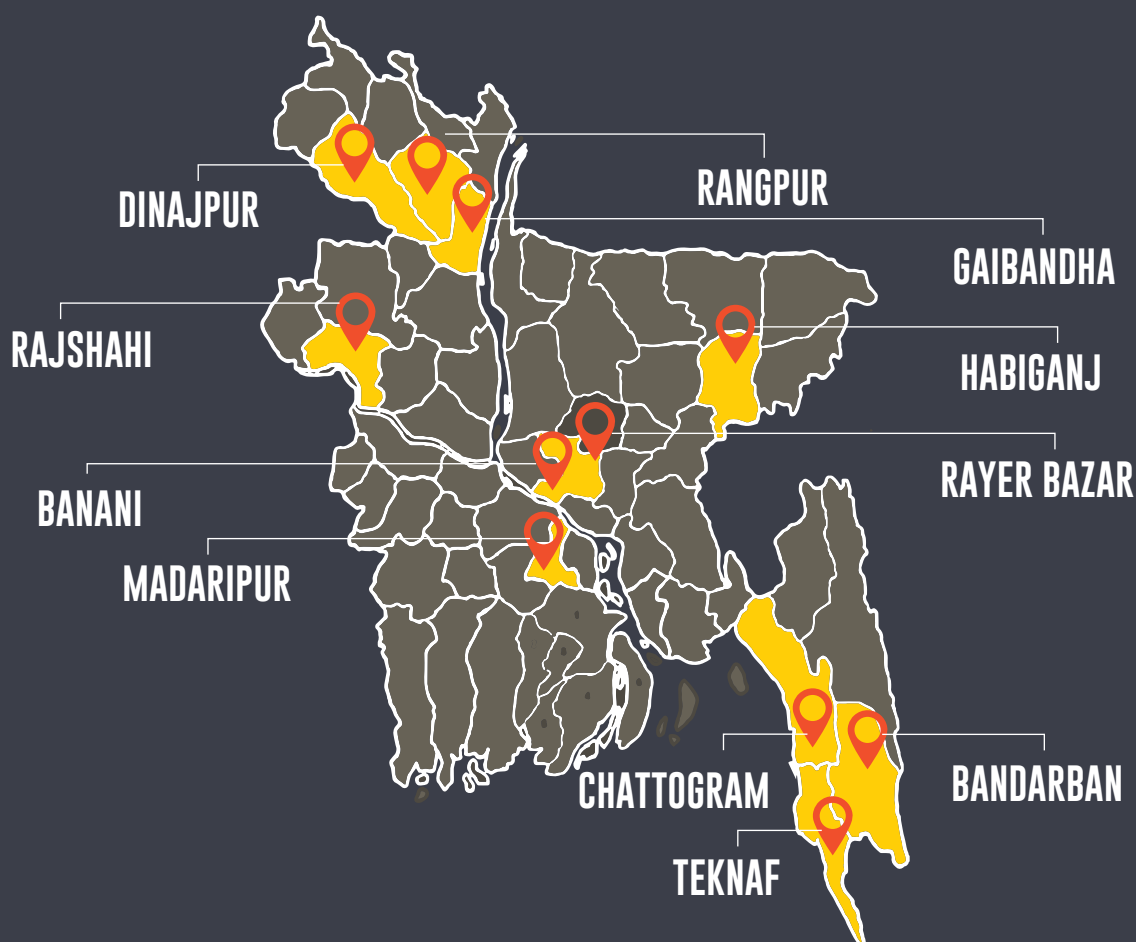

During the COVID outbreak, when all educational institutions were closed, e-learning became the predominant means of education. However, it wasn't a viable option for underprivileged students as they did not have access to smartphones or laptops. To save these children from the risk of dropping out, JAAGO initiated the Tel-Ed project in June 2020. The idea was to utilise mobile phones (voice call service & short messaging service) to conduct classes. Through this initiative, students received formal quality education from home, and the risk of high dropout rates was avoided.

In the heart of remote landscapes, JAAGO's digital schooling emerges as a ray of inspiration, illuminating young minds with the promise of limitless possibilities. Beyond geographical confines, it kindles a flame of knowledge, offering a pathway to dreams and aspirations.

JAAGO Foundation

JAAGO Foundation is a home to grow a hidden nation
A dream to break the cycle of poverty through education.

A status to change thousands of poor characters.

A circumstance to face many explorers,

An Inspiration to enjoy life as a fame.

To build educated in a successful name.

A glory that enlightens the world as a lamp.

A story to remove shame from the world's map.

A life to glow thousands of suns.

A hive to hide thousands of turns.

A cloud of pain that pours thousands of talents,

A tribe to train the toll of thousands of blames.

A heart to hear the story of thousands of pain,

A group to praise that deserve over gains

A nature to nourish the lives of us

A star to company the moon and the danks

A lab of science and love from innovation

The stories of success and also called

JAAGO Foundation.

বীরের রক্তে স্বাধীন এ দেশ,

আমার সোনার বাংলাদেশ।

কবির দেশ, বীরের দেশ;

তেরো শত নদীর দেশ।

বীররা দিয়েছে প্রাণ তাই,

পেয়েছি সোনার বাংলাদেশ।

আমার দেশ স্বাধীন দেশ।

কতো শত বনের দেশ।

যুদ্ধ করে জিতেছি মোরা;

আমার সোনার বাংলাদেশ।

মশা এবং মাছি

মশা বলে মাছি
মুখে আমি আছি,
সারা জীবন মানুষের
কাছাকাছি থাকি।
মাছি বলে সশা
কয়েলের বাহা,
প্রান যায় ছুটে মশার

Poem on Nature

Nature is so good
And don't make us rude,
It gives us everything
Without expecting anything,
It gives us food to eat
And gives us shade to
reduce heat,
It is so green
And help us stay clean,
With trillions of trees
And stunning cliffs,
So, it is our duty to protect
nature
And stop the melting glacier.

Rumi Akhter, Class: 9

Beyond the Clouds

Up the mountains and
beyond the clouds,
Something secret lies.
Something very beautiful.
Something very nice.
Huge mountains above the
cloud,
View of the blue sky, who
knew something's here,
Something way up high.
Cold breeze fills up the
place, When butterflies are
flying,
When you look up there's
nothing, But the beautiful
blue sky.
This place has no bounds.
For it lives beyond the
clouds.

আকাশ ছোঁয়া স্বপ্ন

আকাশ ছোঁয়া স্বপ্ন আমার,
ছুঁতে আমি চাই,
কিন্তু আকাশ ছোঁয়া স্বপ্ন ছুঁতে,
শক্তি আমার নাই,
সবিকরণ এক মেয়ে আমি,
কষ্ট আমার নাই,
পড়ালেখা শেষ করে
শিক্ষক আমি হতে চাই,
কষ্ট আর পরিশ্রম দিয়ে
অনেক দূর যাবো এগিয়ে,
যতই বাধা আসুক না
লড়াই করবো বুক চেতিয়ে।

- সুলতানা আক্তার, প্রেরী- অষ্টম

আমার বাবা

বাবা হচ্ছে আমার জীবনে বড় বৃক্ষের ছায়ার মতন:
যত লিখবো তার ব্যাপারে ফুরাবে না আমার লিখন।
বাবার কাছেই পাই আমি যত চাই আদর;
অন্যায় যখন করি আবার কতাকেই পাই বজ্রের মতো কঠোর।
বাবার মুখে হাসি দেখলে ফুরফুরিয়ে ওঠে আমার মন';
তাই ভালোবাসবো, সম্মান করবো এভাবেই সারাজীবন।
বাবা আমাদের আগলে রাখে তার 'দুহাত ভরে;
যেন কোনো বিপদই আমাদের ছুতে না পারে,
বাবা আমাদের আদর করবে, ভুল করলে শাসন করবে,'
আবার আমরা যদি কোনো মহান করলে, তা নিয়ে গর্ব করবে।
বাবারা এমনি হয়।
সব বাবা যেন সব সন্তানদের কাছে এমনি রয়।

রাজশাহী

মানুষের ভালোবাসায়,
গড়ে উঠে যে শহর।
তখন লোকে ভাবে,
কোন সে এ মহল।
তাই শুরু করি রাজশাহীর গল্পটা
আজই করি শেষের সন্ধিটা
পাখি ডাকে গাছের ডালে
লোকে বসে পদ্মার পাড়ে
নেই কোথাও ময়লা-আবর্জনা
তাই তো শহরটি ক্লিন সিটি নামে চেনা
পড়া শোনায় অবহেলা আমরা না করি
এটাই তো আমাদের শিক্ষা নগরী
আমাদের এই রাজশাহী
তাই সবার সেরা

মা

একটি সময় ধরে
তোমায় পড়ে মনে,
এখন তোমায় ছাড়া
আমি একলা থাকি পড়ে।
জীবনের সব দুঃখ এখন,
রয়ে গেছে মনে
আমার কাছে ফিরলে তুমি,
সবই যাবে চলে।
তুমি একদিন আসবে ফিরে,
এটি আমার জানা।
তুমিই আমার মা,
আমার প্রিয় কল্পনা।

দিলো জ্ঞান ও মাল,
কেমনে তাদের ভুলি
এনেছিলো যারা মোদের প্রাণ।

মানুষের গর্ভে জন্মেছি যখন
মানুষের মান ও রাখতে যে হবে।
বাহিরে মানুষ ভিতরে পশুভাব,
এইতো কখনো নয়, এক মানুষের স্বভাব।
মানুষকে মানুষ ভেবে কাছে টেনে লয় যে জন
এইতো আসল মানুষ, সবার আপনজন।
দেখতে কালো কিংবা চামড়া তার সাদা,
করো নাকো হিংসে তাতে ঝুঁড়ো নাকো
আর কাঁদা।

কে উঁচু, কে নিচু কিংবা আসে যার এতো বিভাজনে?
মানুষকে মানুষ হিসেবে জানিব সর্বজনে।
টাকা-পয়সা, ধন-দৌলতে নাহি করি অহংকার,

মুজিবের অবদান

তুমি কি সুন্দর হে পৃথিবী,
দেখি শুধু তোমারই সুন্দর প্রকৃতি।
এদিক সেদিক যেদিক তাকাই তোমারই
সৌন্দর্য,
তারই মাঝে থেকে যেন ধন্য আমার ভাগ্য।
৭১ সালের যুদ্ধে যখন শাষকদের অত্যাচার,
তখনই মুজিব তোমার গৌরবময় আবির্ভাব।
চারিদিকটা যখন রক্তে গেল ভেজে,
অবশেষে স্বাধীনতা এলো এ দেশে।
রক্ত দিয়ে লিখলো যে স্বাধীনতার নাম,
সেই রক্তের বিনিময়ে আজকের তোমার
সুনাম।
হয়তো তুমি চলে গেছো সেই মর্মান্তিক দিনে,
কিন্তু বাঙালি তোমায় মনে করে প্রতি ক্ষনে
ক্ষণে।

বর্ষাকাল

বর্ষাকালে বৃষ্টি পরে
রিমঝিম শব্দ করে,
ঘরের টিনে বাজনা বাজে
ঘ্যাঙর মার্ট ব্যাঙ ডাকে।
নদীর জলে মাছ ভাসে
ভরা নদীতে নৌকা চলে,
লোকালয়ে হাঁটু জলে
শিশুরা মন নাচতে থাকে।
মাছ ধরতে শিশুরা নামে
পুঁটি টাকি ধরতে থাকে,
অল্প কিছু পেতে পারে
এই দেখে বড়রাও নামে।
জাল নিয়ে ছুটে আসে
ছোট বড়
নানা রকম মাছ ধরতে থাকে,
সবাই যখন মজা করে
বর্ষাকাল তাকেই বলে।

মা

দিয়েছ তুমি জন্ম আমার,
তুমি আমার মা।
তোমার জন্য ছাড়তে পাবি,
পুরো জামানা।
ছিলে তুমি পাশে আমার
সারাটি জীবন
তোমার কোলে মাথা রেখে,
হয় যেন মরণ।
করবো আমি, ছায়ার
মতো থাকো তুমি,
আমারি পাশে।
মোকাবেলা করবো আমি,
যতই বড়ই ঝড় আসে।

এক ছিল ভালো মানুষ
নাম তার করভি।
কিছু না ভেবে শুধু ভেবেছে
আমাদের কথা,
তাকে আমরা কখনো ভুলতে
পারব কী।
তার জন্যই আজ এতদূর
আমরা তারই জন্য সবকিছু,
যতই বড় হই না কেন
ছাড়ব না তার পিছু
তিনি হলেন প্রতিষ্ঠাতা,
তার কষ্টেই সব,
তিনি করেছেন অনেক পরিশ্রম,
সাহায্য করেছেন ঐ রব।
তার ছিল তীব্র ইচ্ছা
সাফল্য একদিন হবেই,
যতই বড় হই না কেন
করভি নামটা হবেই।
এখনো আমাদের জন্য তিনি
পরিশ্রম করে যাচ্ছেন।
তাইতো তিনি সাফল্যের প্রতিক
হিসেবে জাগো ফাউন্ডেশন
গড়ে তুলতে পেরেছেন।
দোয়া করছেন আমাদের জন্য
আমরাও দোয়া কারি,
ভবিষ্যতে এর থেকেও যেন ভালো
কিছু করি।
স্যার আপনি দোয়া করেন
ভরসা রাখেন আরো
একাদন আপনার নাম আমরা
উজ্জ্বল করেই ছাড়ব।

ভালো লাগে হটিতে আমার
সারা বিকেল বেলা
ভালো লাগে সকাল সাঝে,
দেখতে কদম ফুল
ভালো আগে শুধিয়ে নিতে
জীবনের সব ভুল
ভালো লাগে গ্রাম্য বধূর
কোমল কালো কেশ
ভালো লাগে নদীর হাওয়া,

ALUMNI ADMIRATION

Fatema Foraje

Fatema Foraje, Class of 2007

My journey with JAAGO started in 2007; I was one of the first 17 students of JAAGO Foundation School. My journey with JAAGO was nothing less than a blessing. Today, whatever I am, I owe it to JAAGO.

When I was in class 5, I lost my father. My family and I went through the biggest struggle during that time. But JAAGO stood by us like a protective shadow. I got my house rent from JAAGO each month, as well as a job as an assistant teacher. Then, I started to work as a tutor in my nearby communities and continued my studies. My mother and I used to live together. My mother worked as a day labourer, but I helped contribute to our family as well. After passing the SSC examination with good results, I further continued my studies with the help of JAAGO.

JAAGO always tried to give us the best opportunities. I was accepted into the reputed Polytechnic Institute of Dhaka, from where I received a Diploma in Computer Science after 4 years. After that, I did an internship at the JAAGO Head Office as a Graphic Designer. Now, I am able to run my family and take care of my mother as well as possible. All of these things are possible because of JAAGO. This organisation helped me establish myself as a good human being and allowed me to take on my own responsibilities. JAAGO is a wonderland for me because I fulfilled my dream with their help. I'm really grateful towards JAAGO for always being there for me.

Jhuma Akter, Class of 2008

I am not the daughter of a doctor, engineer, teacher, or any other well-known professional, but I still consider myself to be the luckiest girl in the world. This is because the Almighty sent me an angel disguised as the founder of the JAAGO foundation. When I was in class 7, my father became very sick; he had a stone in his kidney. We needed a lot of money for his procedure, which was difficult for us to obtain. Some of my neighbours convinced my family that I no longer needed to go to school and that I was old enough to work. However, my Angel, Mr Korvi Rakshand, helped me continue my studies. With his support, I was able to finish my studies at university. I am still grateful to this kind man. I was only able to continue my education because of him.

Jhuma Akter

Bithi Akter Mim

Bithi Akter Mim, Class Of 2009

I was born in a small house in Rayer Bazar slums, but I dreamt of touching the sky. JAAGO embedded this dream in my heart.

I had an unforgettable childhood. I grew up without the love of my parents, but I still had a very loving childhood just because of the school I had. I was blessed with so many teachers who treated me as their child. They were like magicians who could turn a gloomy day into a colourful one. These colours were brought into my life by JAAGO.

I remember the day when I received many storybooks and first got acquainted with literature, the day when I first held a pair of scissors and paper and learnt about crafting for the first time; I remember the day when I found that I have talents inside me. Now, I am a crafter, scrap-booker, miniature artist and one of those who DREAMS big.

When I was in eighth grade, I got an opportunity to speak as a junior speaker in an International Women's Day program with some other famous public speakers of the country. After my speech, people from different universities across the country in the audience were eager to talk to me. This day is one of the most memorable days of my life. The feeling I had on that day made me more inspired to chase my dreams. I got all of these fairytale moments because of JAAGO and my sponsor parent.

Now, I am in college. It aches in my heart because it feels like I have left my home behind.

Did I really leave JAAGO? —NO.

I have just stepped on another stair of my life, which takes me closer to achieving my dream.

Yusuf Ali, Class of 2011

My name is Yusuf Ali, and my journey with JAAGO Foundation School is not a short one.

I have been fortunate enough to be a part of this institution for the last 13 years. Through dedication and immense support from the school's teachers and staff, I have not only received education but have been nurtured with love and care.

Through their unwavering commitment, they have empowered countless other students like me, giving us hopes, dreams, and opportunities for a brighter future. To me, it is not just school; it is a place that ignites hope and transforms lives.

I thank JAAGO profusely for all of these opportunities.

TEACHER'S NOTE

Sudha Nanda Tanchangya

Teacher

JAAGO Foundation Bandarban School

Teaching is a profession built on respect and passion. Becoming a teacher has always been my dream, and I'm immensely grateful to JAAGO Foundation for turning my dream into reality. My remarkable journey with JAAGO began on the 16th of August, 2013.

Throughout this journey, I have collected and cherished a plethora of memories. I fondly recall the little students who travelled from afar, swinging their tiny legs and tousled hair as they arrived at our school. Spending time with these young learners, engaging in play, and enjoyable reading sessions was a delight. At times, they would mistakenly call me 'Ma', and the moment they realised their mistake, they would burst into laughter.

In this fulfilling journey, I have had the privilege to watch these students learn and grow, and I look forward to continuing to nurture their potential.

Shanta Khan

Teacher

JAAGO Foundation Gaibandha School

31 August 2014 was my first working day at JAAGO Foundation Digital School. For the last 9 years, I have been closely associated with all the school activities.

What motivates me the most is that due to JAAGO, children who would otherwise be deprived of their right to education can go to school. I feel happy and privileged that I can contribute to the well-being of these children.

Being involved with JAAGO online school, I not only taught the students but also learned many unknown things. I hope to be a part of JAAGO as they continue to change the lives of underprivileged children with the power of education.

Jui Rani Roy

Community Teacher (Primary), Dinajpur School

I joined JAAGO in January 2016 as a teacher. My family's financial condition wasn't very stable, so when I got the job, it felt like a ray of sunshine at the end of a dark night.

JAAGO has supported me during the most difficult phase of my life. In 2023, I lost one of my legs in a road accident. "My life is over", I thought, lying on the hospital bed. Who would take care of me? How will I continue my job? These thoughts kept worrying me.

But JAAGO removed all my worries. Once I got better and was able to move again, I got a call from the school to join again. On my first day back, my colleagues and students gave me a warm welcome. They did not let me feel any different from the rest of them for even a second.

Whenever I am taking a class, I forget all my sorrows. The bright faces of the children are my motivation for moving forward. I will forever be grateful to JAAGO for all their love and support.

Most. Hafija Khatun

Teacher

JAAGO Foundation Rangpur School

I consider JAAGO not only a place where I teach but also a place where I get to learn a lot. Working here has given me a boost of confidence and taught me to engage with students coming from different backgrounds. Every day, I see them breaking barriers and moving forward to achieve their aspirations. Their enthusiasm and dedication truly inspire me.

For me, these students are like my children. I believe that they will grow up to be successful individuals who will contribute to the betterment of society and make us all proud.

Meherun Nesa

Teacher

JAAGO Foundation Chattogram School

I still remember my first day at JAAGO. I was very excited, but when I entered the class, I saw children who were around 4-5 years old; some were talking, some were playing, some were busy doing mischief. I was very overwhelmed! I got nervous thinking about how I would handle such young children, but everyone around me helped me overcome my nervousness. My colleagues were very friendly and always motivated me.

As time passed by, these children, with their love and eagerness to learn, made a great place in my heart. Soon, JAAGO became like my family, a place I can call my second home.

During my time here, I have had the opportunity to participate in various trainings, including class management, teaching methods, skill development, etc. JAAGO always ensures that all the teachers stay up to date with Bangladesh's education system. I am proud to be a part of JAAGO.

PROUD PARENTS

Parvin Akter

Mother of Osman and Ayman

JAAGO Foundation Chattogram School

In 2014, word was around that an English-version school was coming to our area. I really wanted to enrol my children in that school as I wanted them to receive quality education and improve their lives. But I knew that the remuneration of English-version schools was high and it would be impossible for us to afford it. Then we got to know the school provides free-of-cost education to marginalised children. That school was JAAGO Foundation School. My husband and I became very happy and got our elder son Osman admitted there. We were amazed to see how carefully the teachers taught the students. If my son missed school for even one day, they would call us to inform us.

We are glad to have admitted our second child to JAAGO school as well. By the grace of the Almighty, my son Osman is now in class nine, and my daughter Ayman is now in class four. I pray for JAAGO and hope they continue their good work.

Sharmin Akter Sathi

Elder Sister of Bithi Akter Mim

JAAGO Foundation Rayer Bazar School

When our father died, Bithi was only 1.5 years old. As my sister and I were both young, our mother took us to our grandmother's place. But soon, she left to start a new life and took me along with her. Bithi stayed back with my grandmother.

Since early childhood, Bithi has been very clever. My grandmother wanted to get her educated, and hence, got her admitted to JAAGO Foundation School. During the initial class days, Bithi would make our grandma sit outside the class and keep holding her hands. But as time passed, with love and support from the teachers and her classmates, she started enjoying spending time at school.

Whenever asked about her inspiration, Bithi would always talk about her teachers. They took really good care of her and always motivated her to achieve greater things. Now, she is a college student, but till now, whenever she gets time, she visits JAAGO. To her, JAAGO is like her second home. We are grateful to JAAGO for teaching Bithi to dream and guiding her to a better, brighter future.

Monorot Tanchangya

Father of Pronita Tanchangya
JAAGO Foundation Bandarban School

I am grateful to JAAGO Foundation for establishing their free-of-cost school in Bandarban. Before JAAGO, there was no school in our area. Our children lagged behind when it came to formal education. But thanks to JAAGO, now my son and many other children in my area can get educated.

The free-of-cost education program of JAAGO is a blessing for me. As a day labourer, I earn very little money, and it would not have been possible for me to afford to send my son to school. I hope my son will grow up to be a good human being and work to create great opportunities for more children in our community similar to those he received.

Binoy Kairy

Father of Ornob Kairy
JAAGO Foundation Habiganj School

The children of tea workers don't usually get access to quality education. How could they? With the little amount we earn, it's hard to even make ends meet. But because of the JAAGO Foundation, my son is now receiving the best quality education. Whenever he speaks English, we feel very proud and thrilled.

What amazes us the most is the number of versatile things he has learned from his school. From participating in sports and arts and crafts to practising better hygiene habits, each day, we see him becoming a better version of himself. He even teaches us the new things he learns at school.

We will forever be grateful to JAAGO for giving our son this opportunity toward a better life. We hope he will make his teachers and us proud one day.

Mofazzol Hossain

Father of Md Hanzala Islam
JAAGO Foundation Banani School

In 2011, I admitted my son, Hanzala, to JAAGO Foundation School. I was a security guard and earned very little. But JAAGO assured me that I would not have to pay anything and they would bear all the costs. Now, he is an SSC candidate. I never imagined my son would come this far. I feel really happy when I see him participating in classwork and extracurricular activities. Every time he receives training on new things like drinking clean water, maintaining hygiene, keeping surroundings clean, etc., he shares them with us and encourages us to follow them as well. We are proud of the person he has become and look forward to seeing him succeed in life and achieve all his dreams.

BEXIMCO AND SUMMIT MATCHING FUNDS

Summit Corporation Limited and Beximco Holdings Limited, two of the country's largest conglomerates, signed a 3-year partnership deal with JAAGO Foundation in 2021. Through these partnerships, both companies have stood beside JAAGO Foundation and made a sustainable change in the lives of marginalised children to accelerate the development process of Bangladesh. This is an example of the Bangladesh corporate sector stepping forward for the people of Bangladesh. We hope this initiative will encourage other corporate houses to step forward and make a difference in the community.

PRIVATE-SECTOR SPONSOR ENGAGEMENT

Nurturing the dreams of not one or two but an entire class of students of JAAGO Foundation School! Since 2016, Green Delta Insurance Company Limited has been spreading joy in the lives of 40 underprivileged children. Their story goes beyond textbooks and classrooms, understanding that education flourishes beyond four walls; they weave empowering events and activities into their support. An occasion as such was the last victory day when they took their sponsored students, whom often they refer to as GD kids or Green Delta Kids, to visit the "Bangabandhu Sheikh Mujibur Rahman Novo Theatre". This visit broadened their horizons and sparked curiosity while creating lasting memories. We are thankful to Green Delta Insurance Company Limited for their continuous support and remarkable initiatives.

20 bright smiles now shine brighter thanks to the compassion of OBAT Helpers. Standing tall with JAAGO, OBAT Helpers have stepped up to champion the education of 20 underserved students of JAAGO Foundation School. Through their compassion, OBAT Helpers are opening doors to a brighter future for these children. Together, we are creating a ripple effect of positivity and empowerment that will resonate far beyond the classroom walls. We thank OBAT Helpers for their generosity and dedication to the cause of education.

Securing not only our homes but also the future of underprivileged students of JAAGO Foundation school! Starting from seven students in 2015, Elite Force is currently sponsoring the education of 30 students of JAAGO. Beyond a love for learning, Brig. Gen. Sharif Aziz and the devoted Elite Force team wanted to ignite a spark among the students, a love for creatures big and small and for that, they arranged a mesmerising dog show for the students at their office premises. It wasn't just security protocols these students learned about, but the joy of furry friends, the echoes of cheerful laughter filling the air, creating memories that will stay with them forever.

A break from stuffy suits and boardroom meetings! Cefalo Bangladesh Ltd. team stepped into JAAGO Foundation Banani School, not as sponsors, but as friends. For over 9 years, Cefalo Bangladesh Ltd. has been supporting the education of 45 students of JAAGO Foundation School. Whenever they get a chance, the Cefalo team pays a visit to their sponsored children. During their last visit, brushes dipped in kindness; they co-created art alongside bright young minds. As they read stories to children, it wasn't just about pages turning but rather about imaginations taking flight on wings of shared wonder. In these moments of heartfelt connections, the Cefalo Bangladesh Ltd. team gifted our students the true magic of friendship.

BRAX
FEEL GOOD

How far can you go for your loved ones? For the team of Leineweber GmbH & Co. KG XY (BRAX), the answer is 7,287 kilometres. Since 2019, BRAX has been supporting the education of 41 underprivileged students of JAAGO. Every year, they come all the way from Germany just to spend some precious moments with their sponsored children. But their commitment to ensuring the well-being of these children doesn't stop there. Each quarter, they eagerly await the students' report cards and compare them with the previous ones. These reports aren't just about grades but about the overall growth of the students. BRAX's genuine concern and dedication towards these children truly warms our hearts.

PREMIER

In February 2019, a promise was made. A promise to nurture the dreams of 40 little angels. Turning words into action, Premier Clothing has been supporting the education of those forty children for the past five years and is committed to continue doing so till they graduate. Their support isn't limited to mere financial aid; rather, it extends to ensuring the overall growth of these young learners. They also acknowledge and celebrate the big and small accomplishments of the children, offering not just resources but encouragement – a vital fuel for any aspiring dream. This isn't just a story of sponsorship; it's a testament to the power of a promise kept, a promise that echoes in the laughter-filled classrooms of JAAGO, a promise that will see these young minds take flight towards a brighter future.

Big hearts, big impact! Meghna Executive Holdings set an example of generosity by investing in the futures of 40 underprivileged students of JAAGO Foundation School. Recognizing education as the key to unlocking potential, they joined forces with JAAGO to guide these children towards a fulfilling future. Thanks to Meghna Executive Holdings' incredible kindness, these students can chase their dreams without any obstacles and become the architects of positive change. Their story kindles a ray of hope and is a testament to the transformative power of compassion and collaboration.

160 children, 160 dreams, and boundless possibilities, all driving towards a prosperous tomorrow, thanks to the Mituli Foundation. For years, the Mituli Foundation, led by the inspiring Ms. Mituli Mahbub, has gone beyond sponsoring the education of four classes of students of JAAGO; they've embraced these students as family. From taking regular updates about the children's academic progress to contributing to their overall well-being, Mituli Foundation's commitment isn't just about financial support; it's a bond woven with compassion and a deep-seated belief in each child's potential.

Marking the 50th year of independence by helping break the shackles of poverty. IPDC Finance Limited celebrated the 50th Independence Day of Bangladesh by sponsoring the education of 50 underprivileged students of JAAGO Foundation School. Apart from sponsorship, they also ensured school bags, lunchboxes, water bottles, and stationeries for their sponsored students. Beyond an act of generosity, this was a display of patriotism as they did not only invest in shaping futures but also a prosperous nation.

COLLABORATIONS FOR POSITIVE CHANGE:

Imagine 4,500 dreams sparkling brighter, thanks to MBM Group! For the past five years, they've been the wind beneath the wings of JAAGO Foundation students by providing them with school uniforms. With a promise to ensure the well-being of our students this year, they also contributed to safe and clean toilets, handwashing stations, and life-giving water filters. MBM's generosity extends far beyond our school boundaries as they benefit 20,000 individuals, including students, teachers and community members, through their enlightening WASH for community program.

From bricks that shelter dreams to pixels that ignite them, Standard Chartered Bank (SCB) Bangladesh is weaving a beautiful narrative of care and compassion for the students of JAAGO Foundation Schools. From building classrooms to contributing to enhancing our digital classroom facilities, their support has been a driving force in our mission to ensure quality education for all. Their story goes beyond walls, extending warmth to young hearts as they distribute winter clothes among the students, reminding them that they are seen, valued and cared for.

A lifeline that came alive during COVID-19 and has continued creating impact ever since! During COVID-19, when the world stood still and uncertainty prevailed, Nourish Bangladesh stepped forward to provide essential dry food supplies to the students of JAAGO Foundation School. These supplies weren't just sustenance; they were an embodiment of care, reminding our young souls that they weren't forgotten.

United Finance's story isn't just about wood and nails, it's about empowering young minds to reach their full potential. As they donated school benches for an entire class of each JAAGO Foundation School, they did not just offer the students a place to sit but provided them with the gift of comfort.

Ten years of nourishing dreams – that's the beautiful story of Thrive and JAAGO Foundation! Every child deserves the opportunity to learn, grow, and embrace the wonders of childhood. Yet, for children from marginalised communities, this journey is often hindered by the lack of proper nutrition. To change this reality, Thrive has been providing nutritious meals for the students of JAAGO Foundation Habiganj and Banani Schools for more than a decade. Through their generosity, they are not only nourishing bodies but also nurturing hope and igniting a sense of possibility within each child.

Forget just writing checks! BEXIMCO Pharmaceuticals is rewriting the script for corporate social responsibility, championing the impoverished students of JAAGO Foundation Schools. Their years of dedicated support go beyond mere funding. They are invested in nurturing young minds, not just with financial aid, but with a heart full of commitment.

As a reflection of that commitment, BEXIMCO Pharmaceuticals management even invited our students to visit their factory. Remember the spark in a child's eye when they discover something new and exciting? Imagine that multiplied by a hundred as the students experienced the formation of life-saving medicines using cutting-edge technology and quality control measures. Beyond a factory visit, it was a future career path unfolding before them, igniting aspirations and fueling possibilities.

BEXIMCO Pharmaceuticals' support also extends to JAAGO's Youth Program, as they drive numerous community development events and provide aid during emergencies. BEXIMCO Pharmaceuticals truly testify to the power of organisational support in creating lasting societal impact.

No capes, just commitment! Shanta Holdings Limited, a silent hero, has been quietly changing the lives of thousands of JAAGO Foundation School students. They built classrooms that brimmed with possibilities and contributed books and notebooks that are essential in young learners' journey to success! Shanta's commitment is a reminder that heroes come in all forms, and their impact on these students' lives is immeasurable.

Pens, pencils, and erasers, beyond mere educational materials, symbolise the opportunity to rewrite destinities. In a remarkable journey of impact, Softex has become a silent force, uplifting the dreams of students of JAAGO Foundation Schools. They've not only contributed to building classrooms offering sturdy sanctuaries for learning but have also filled them with the power of knowledge by gifting essential stationery supplies. In these classrooms, dreams take flight, fueled by ink and imagination, thanks to Softex's sincere support.

EVENTS

Summit Power International

'Sir, How is electricity generated?', a simple question asked by a student of JAAGO that the management of Summit Power International decided to answer. To give our students a hands-on experience on how electricity is generated, Summit Power International management took them for a visit at their Gazipur power plant.

Innocent eyes widened with wonder as they witnessed the awe-inspiring process of generating power; their questions were answered not just with words but with the thrill of firsthand experience. This visit wasn't just about answering a question; it was about igniting a passion, reminding us that education starts with curiosity and thrives on real-world experiences.

For many years, Summit Power International has not only been lighting up our homes but also lighting up the lives of students of JAAGO Foundation School and we could not be more grateful for their unconditional support.

Bongo

The excitement of our little angels knew no bounds as Bongo organised an exclusive movie screening of "Adventure of Sundarban" for the students of JAAGO Foundation Rayer Bazaar School.

Toggi Fun World

Making every sale meaningful! Toggi Fun World has been donating a portion of every ticket sold at their amusement park to support the dreams of countless underprivileged children of JAAGO Foundation Schools.

Daraz

'Ek Goal e Double Khushi'- an initiative by Daraz Bangladesh that gave World Cup goal celebrations a new meaning. Through this campaign, Daraz turned every roar of celebration into a commitment to education. Each World Cup goal meant a month's scholarship for a JAAGO student, but they wanted more. They wanted the kids to feel the victory. So, they laced up their own boots and invited the students to a friendly match. It was a day of laughter, sweat, and a healthy dose of friendly competition. And when the final whistle blew, Daraz didn't just announce the donation amount – they presented it to the students as their hard-earned prize. That day, they gifted more than just scholarships; they gifted a taste of triumph, proving that education and victory go hand-in-hand.

URMI GROUP

Not just a partner but a support system! Urmi Group, a constant companion in our pursuit of ensuring quality education for all, has been with JAAGO for many years. From contributing to the construction of classrooms and laying the foundation of a brighter tomorrow to partnering to organise our joyous annual Iftar celebration, their generosity knows no bounds. Together, we're weaving a brighter future, one student, one brick, one shared celebration at a time.

BOO BOO World

An unforgettable day awaited the students of JAAGO Foundation Chattogram School as they were invited by CPDL to spend a day at their kids entertainment club named BOO BOO World, playing 18 indoor games and rides, accompanied by a delightful dining experience. The day was nothing short of an adventure for our beloved students.

Perfetti Van Melle

Spreading the warmth of love, Perfetti Van Melle distributed winter blankets among the students of JAAGO Foundation Bandarban School. Their generous gesture not only provided physical comfort but also kindled a flame of hope during the chilly winter nights. Perfetti Van Melle's commitment to spreading joy and ensuring the well-being of these young learners echoes beyond the act of giving, creating a lasting impact on the lives it touches.

Smart Children's Carnival, ICT Ministry

A prized day for the students of JAAGO Foundation School as they attended the "Smart Children's Carnival" organised by the ICT Division. Rumi, a class 10 student of the JAAGO Foundation Banani School, joined the opening ceremony of the carnival as a speaker and shared the stage with the Honourable President of Bangladesh, Mohammed Shahabuddin. Rumi was also invited to host the closing ceremony, which was graced with the presence of Dr. Dipu Moni, Honourable Minister, Ministry of Education, and Zunaid Ahmed Palak, Honourable State Minister for ICT Division.

HSBC

A savings today, an investment for tomorrow! To instil the importance of savings and showcase how every saved taka holds the power to unlock dreams, the senior management of HSBC Bangladesh arranged an insightful session for the students of JAAGO Foundation School at their head office. Our enthusiastic future leaders delved into the world of savings, investments, and financial planning and got inspired to pursue banking as a career. Beyond a session about numbers and charts, it was about igniting a spark of responsibility and empowering the students to build a secure future.

IWC of Metropolitan Dhaka

Is literacy just about reading words? Or is it about unlocking potential, igniting imaginations, and giving wings to dreams? With deep-rooted faith in the transformative power of education, IWC of Metropolitan Dhaka commemorated International Literacy Day by gifting stationery and books to the students of JAAGO Foundation Banani School. Their initiative is a reminder that even the smallest acts of kindness can have a ripple effect, creating a world where every child has the chance to write their own remarkable story!

Sir John Wilson School

A jubilant and spirited atmosphere came alive as the students of JAAGO Foundation Banani School and Sir John Wilson School engaged in a friendly football match to celebrate the establishment anniversary of Sir John Wilson School. Our sincere thanks to Sir John Wilson School, a constant pillar of support since 2019 and supporting the education of students of JAAGO Banani school.

Novo Air

"Please fasten your seatbelts; we are ready to take off" - it wasn't a flight that took off that day but the dreams of the students of JAAGO. Mr. Mofizur Rahman, the Managing Director of NOVOAIR, and his team made a special visit to our JAAGO Foundation Banani School and turned the classrooms into the inside of an aircraft. Dressed in their aviation uniforms as pilots, air hostesses, cabin crews and aircraft engineers, the dedicated NOVOAIR team created a thrilling atmosphere, giving the children a taste of flying. The event was not only a learning session where students gained valuable insights into the world of aeroplanes but also ignited inspiration to make a career in the airline industry.

Knowledge Is Power Scholarship

A kind soul, an incredible personality! Ms Laboni Malik has touched the lives of three deserving students from JAAGO Foundation School in a truly transformative way. Understanding the challenges some students face in completing their HSC exams, Ms Laboni Malik stepped forward, offering them scholarships that will guarantee their uninterrupted journey towards higher education.

Mental Health Awareness Session

To help promote the emotional well-being of our students, Dr Tumpa Indrani and her team, visited JAAGO Foundation School and conducted a mental health awareness session. As a child psychologist, she addressed our teachers, providing valuable insights on effective teaching and discipline strategies that prioritise the mental well-being of the students.

SCB Volunteer Activism

Standard Chartered Bank employees are redefining investment with their hearts! 300 passionate SCB employees visited JAAGO Foundation Rayer Bazaar School as part of their Employee Volunteerism initiative. During their visits, they engage in meet-and-greets, knowledge-sharing, art sessions, and craft activities with the students. This not only provides an avenue for employees to partake in volunteer activities but also fosters opportunities for students to connect with and learn from these efficient bankers, inspiring them to pursue their dreams.

ICT Ministry

Lights, camera, inspiration! Students of JAAGO Foundation School were invited by the ICT Ministry to watch the movie 'Mujib Bhai' to witness the remarkable journey of Sheikh Mujibur Rahman, the Father of the Nation, and his pivotal role in Bangladesh's history from 1948 to 1971.

Graphic Associates

Not only delivering designs but boundless happiness! For the past year, Graphic Associates International Ltd., a subsidiary of Mindworking Asia A/S, has been supporting the education of 65 JAAGO students. But their impact doesn't stop there; from providing graphic designing training and assistance to empowering the children with essential skills for a successful career, their efforts to uplift the lives of our students are truly inspiring. During his visit to our Banani School, Mr Thomas Scheel, Chairman of Graphic Associates International Ltd., made a commitment to make a lasting difference in the lives of these children, and this collaboration between JAAGO Foundation and Graphic Associates International Ltd. serves as a powerful testament to the potential impact of compassion and cooperation in effecting meaningful change within our society.

From Ganabhaban to Gaibandha

Reshmi and her friends never thought that they would have the opportunity to speak directly with the Honourable Prime Minister Sheikh Hasina, whom they had only seen on TV and in the newspapers. So, when the Honourable Prime Minister suddenly joined them on a video call during their online class, it was like a dream come true to the students of our Gaibandha School.

On September 14, 2023, our beloved founder, Korvi Rakshand, had the privilege of meeting the Honourable Prime Minister Sheikh Hasina and respectable Sheikh Rehana, daughters of the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman.

"It was 10:30 in the morning. As soon as I entered the Ganabhaban, the Honourable Prime Minister Sheikh Hasina said, "Look, our hero has arrived." All my fears and nervousness were immediately dispelled. It was an honour to share the news of us winning the Ramon Magsaysay Award with our Honourable Prime Minister in person." - Korvi Rakshand

During his visit, he asked the Honourable Prime Minister if she could spare some moments to speak to the students of JAAGO Foundation School. With great enthusiasm, the Honourable Prime Minister said, "Of course!".

When our founder first connected the school with the Honourable Prime Minister, they were all surprised. As the moment of surprise cleared and the students realised that it was indeed the Honourable Prime Minister speaking to them, they were thrilled.

Our Gaibandha School student Reshmi expressed her gratitude to the Honourable Prime Minister for giving the new generation a smart Bangladesh. The Honourable Prime Minister then assured the students that she would be by their side in any need.

We thank the Honourable Prime Minister Sheikh Hasina for gifting our students with such a precious memory that our students will forever cherish. As we continue our journey of shaping a better tomorrow with the tool of education, we hope to find the Honourable Prime Minister by our side as a source of power and inspiration.

JAAGO IFTAR

In a heartwarming display of compassion and gratefulness, each year, the JAAGO Foundation organises an iftar on the holy month of Ramadan with all the students, child sponsors, private-sector partners and well-wishers of JAAGO. Together, we celebrate the spirit of selfless giving, sharing and devotion.

On this auspicious occasion, 4500 children come together and create cherished memories as our students from remote locations join the event virtually while they enjoy iftar at their respective school branches with their beloved teachers and friends.

The day is a unique opportunity for the sponsors and well-wishers to interact with the children they have been supporting and witness the transformative change they brought to the lives of these children.

SCIENCE FAIR & PROJECTS

JAAGO believes engaging in a science fair fosters curiosity and critical thinking and is a hands-on approach to learning. It cultivates a love for science by allowing children to explore real-world applications, develop problem-solving skills, and enhance their creativity. Moreover, participation in a science fair builds confidence, instils a passion for discovery, and lays the foundation for future interest in science.

Every year, the students from all branches of JAAGO participate in the science fair, where they showcase their unique and creative solutions to issues like global warming, road accidents, earthquakes, sanitation, recycling and many more.

This year, our students showcased 22 fascinating science projects that left the guests in awe. We were honoured to have Sheldon Yett, UNICEF Representative to Bangladesh, UNICEF Bangladesh and Martin Holtmann, IFC Country Manager for Bangladesh, as special guests at the event, along with our esteemed guests.

SMART STREET LIGHTING

The objective of this project is to design and build an automatic street light control system that can sense and adjust the brightness of the lights based on the surrounding environment.

Street light turns on automatically when it feels shadow/darkness over it. During the day light, solar energy is stored in the solar panel. There's a light sensor with the street lights, which helps street lights to get automatically turned on when it gets any light i.e. during the night time. The concept of an automatic street light control system can be a energy-efficient technologies in reducing environmental impact and improving public safety.

FLOOD FLOATING HOUSE

Floods can cause significant damage to homes and buildings, especially in areas prone to flooding. This project aims to investigate the science behind building a flood floating house that can withstand floods and remain afloat during a flood.

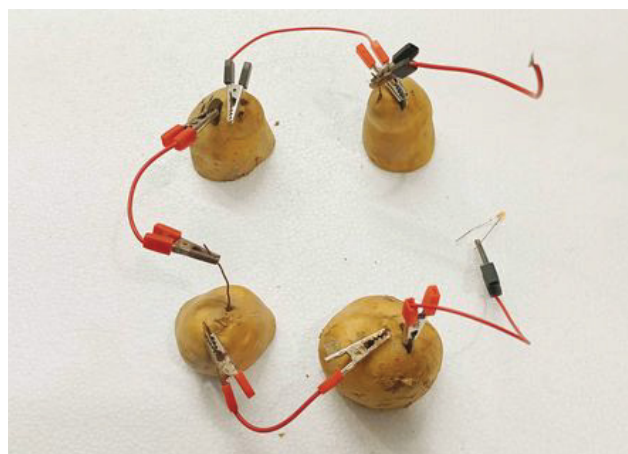

The model shows that due to the water, the house automatically elongates which saves it from drowning. Building a flood floating house is an innovative solution to reduce flood damage and protect homes from flood waters.

SEASON NEUTRALIZATION AND SMART FARMING

The project demonstrates how smart farming can be used to create a season-neutralized growing environment and improve agricultural efficiency and sustainability. We can grow all types of agricultural products by modern shade where we can control weather and neutralize seasonal factors. We can increase the food production by this process.

POWERING UP WITH POTATOES

The objective of this project is to design a simple battery using potatoes as a power source to generate electricity. If the electrolyte source is changed (potato, apple, lime, lemon), then the production of energy (measured in volts) using a lemon will produce the highest voltage because the acid content in the fruit or vegetable will produce electricity when in contact with the electrodes (both zinc and copper).

FROM WASTE TO RESOURCE: RECYCLING SEWAGE FOR A SUSTAINABLE FUTURE

It is an initiative to transform sewage into good fertilizer. Besides, water treatment process can be a good solution for irrigation. The project gives a practical understanding of the potential for recycling sewage to promote sustainable development and address local needs.

GLOBAL DEVELOPMENT NETWORK

The Japanese Ministry of Finance recognized the JAAGO Foundation's Online Schooling concept as the "Most Innovative Development Project" in 2015 through the Global Development Network.

It all began with a single click, a single donation, a single act of kindness; and today, as we hold this yearbook, we witness the beautiful ripple effect of your actions.

A heartfelt thank you to the JAAGO Family!

From the bottom of our hearts, we extend a grateful embrace to each and every one of you, whose collective efforts, dedication and relentless hard work made this yearbook possible.

A special note of appreciation to Alo Chayar Golpo, our Photography Partner, for their invaluable collaboration.

And, to our generous child sponsors and donors, your contributions echo on every page, fueling the creation of this cherished keepsake.

This yearbook is more than just photos; it's a powerful symbol of belonging, a reminder that not a single dream goes unnoticed, and not a single child walks alone.

With deep appreciation and a promise to continue this journey of transformation,
